HOTELS

MARKTGASSE HOTEL *District 1*

Whitewaller recommends: Visiting the two restaurants and stylish cocktail bar.

Marktgasse Hotel makes use of 39 bedrooms to offer visitors a boutique hotel with a tasteful mix of old and new. After a two-year renovation project by Ospena Group, the hotel concluded with a forward-thinking design concept influenced by Scandinavian minimalist design and Japanese purism.

B2 BOUTIQUE HOTEL + SPA *District 2*

Whitewaller recommends: Relaxing at the Thermal Bath & Spa Zürich.

Located in the former Hürlimann brewery, the B2 Boutique Hotel + Spa is a destination for business guests, city tourists, and architecture aficionados from all over the world. The hotel, with 51 individual rooms and nine suites, also offers a warm rooftop infinity pool, a spa, a wine library, and, appropriately, Hürlimann beer as a proper tribute.
